

## Welcome to the June 2016 Edition of the Strate Academy Newsletter

### Strate Academy

Strate Training is now Strate Academy. We have renamed ourselves and are all about rejuvenation and growing the Strate brand. The academy's vision is to educate the market, implement new ideas, and collaborate with other learning institutions for the benefit of all players in the financial market. Strate Academy seeks to provide high quality learning solutions, not only to existing persons in the financial market, but to school students and new university graduates entering the financial market.

### Strate e-Tutor

Since the launch of Strate e-Tutor in October, 2014 the positive feedback we have received has been very encouraging. We are looking to introduce new and innovative ways of interacting with our audience, so keep following our news updates to be informed about these exciting ventures.

For the remainder of 2016, you can look forward to updated material on T+3, educational information on Blockchain technology, updated statistic on our Financial Investment Management Olympiad (FIMO) that run in partnership with University of Johannesburg, and Proverto, an organisation that provides learners in South African high school with educational material

### Strate Learning Offerings

Strate offers training to the financial market on Equities, Bonds and Money Markets in the Strate environment. Learners and individuals interested in writing the examination can register for the modules. A certificate will be issued once a set of related modules have been successfully completed.

There are eight modules in total, grouped as follows:

- Equities Compliance Settlement Officer (Module 1,2 and 3)
- Bonds Compliance Settlement Officer (Module 1,4 and 5)
- Money Market Settlement Officer (Module 6,7, and 8)

## Did you know?

You can obtain an international qualification through the Chartered Institute for Securities and Investments (CISI) in the UK, by completing any of the Strate compliance exams. The qualification is called an Investment Operations Certificate which comprises of three modules. If you have successfully completed any of the Strate Compliance exams (Equities, Bonds and Money Markets), you will gain one credit towards the three modules. For more info visit CISI website.

## Customised learning programmes

Strate Academy also provides customised programmes based on existing modules. We have the ability to customise the material according to client's specific needs. This training can be conducted at the client's premises or at Strate's offices. Programmes are designed taking into account flexible dates and times suitable to each organisation. Groups can range from 5 to 50 or more delegates. All training conducted by Strate will attract a rebate from the Strate Special Purpose Reserve fund.

Training can also be given to prepare any delegates who have registered for any of the Strate examinations. Examination tips and preparation techniques are provided as part of these programmes. For a full overview of the training modules provided click [here](#).

## Public Courses

Every year The Strate Academy partners with South African Institute of Financial Markets (SAIFM) to deliver public programmes on specific Strate modules. These programmes are hosted in Johannesburg and Cape Town twice a year and are very well attended by a broad spectrum of the market. The programmes for the rest of 2016 will be focusing on "Equities T+3 on & off Market Settlements and Corporate Actions"

## Registrations are now open for:
